

District Gazetteers
OF THE
United Provinces of Agra and Oudh

Supplementary Notes and Statistics
up to 1933—1934

TO

VOLUME VI

ALIGARH DISTRICT

ALLAHABAD
SUPERINTENDENT, PRINTING AND STATIONERY, UNITED PROVINCES

**Addenda to Volume A of the Gazetteer of the Aligarh
District (1926 Edn.)**

Page 1, paragraph 1

The district was transferred in 1911 from the Meerut Division to the Agra Division.

Page 13, paragraph 2

The Hathras branch has been constructed and opened.

Page 122, paragraph 1

The Judge of Aligarh is no longer in charge of Bulandshahr, but he is also the District Judge of Etah, although his jurisdiction does not include the Etah sessions division.

Page 155, paragraph 2

The Aligarh College became the Aligarh Muslim University in 1920.

**Supplementary notes and statistics to Volume VII of
Muttra Gazetteer for the decade subsequent to that
for which Volume C was compiled**

Pages 26 and 27. Diseases—Since 1911 the highest number of deaths, viz. 69,321 occurred in the year 1918. There was an epidemic of plague in 1925 which caused 4,398 deaths. The district was free from plague during the years 1917, 1920, 1921, 1922, 1929, 1930, 1931 and 1932. A few deaths from cholera occur nearly every year owing to the place being a pilgrim centre of all-India importance. Most of the cholera cases are generally imported ones. In 1929 there was an epidemic of smallpox which was responsible for 728 deaths. In the years 1917, 1918, 1919, 1929 and 1930 malaria broke out in an epidemic form. Malaria has been controlled by free distribution of cinchona and quinine.

Page 40. Wells—Handpump wells have been installed on the pilgrim route at the following places :

1. Chand Sarowar.
2. Jatipura.
3. Tarsi.
4. Nandgaon.
5. Barsena.
6. Satoha.

Page 43. Wells—On account of successive years of drought, the supply of water in the wells has been insufficient more particularly since 1336 F. In the main well circle, villages such as Malmon, Wallu, Nagla Hirde Mullapur, Ol, Pauri, Phonder, Rahimpur, Rasulpur, Salempur Farah, have suffered considerably. Even in canal circle in villages Badoucha, Bhalal Sunder, Deosaras, Janu, Konai, the supply of water from the wells has deteriorated. The same is the case with the wells of many villages of other circles in the tahsil.

In many villages, well water has become brackish and sweet water for drinking purposes has to be brought from a great distance.

Page 50. Famine—From the year 1927 to 1932, there was scanty rainfall and the crops suffered badly. Villages on the borders of Agra District and Bharatpur State suffered most. Relief in revenue and rent was granted by the Government in almost every season of *kharif* and *rabi* in the villages which were affected by drought and *takavi* was also distributed. In 1930, the scarcity was so acute that a famine test work was started in the tahsil and continued till better conditions prevailed. During this period crops also suffered from other causes in different parts of the tahsil, viz. hailstorm, incursion of locusts and untimely rain. These calamities in successive years have greatly affected the financial condition of the tenants and landlords.

Page 59. Prices—From the year 1913 up to 1924 there was little variation in prices. The price of wheat remained between 9 and 10 seers a rupee. In 1925-26 there was a rise in prices. Wheat was sold at 6 to 7 seers, barley $8\frac{1}{2}$ to 10 seers and gram 9 to 10 seers a rupee and these prices continued without such change up to 1928-29. In 1930-31 there occurred a sudden slump in prices. Wheat was sold between $15\frac{1}{2}$ and $16\frac{1}{2}$ seers, barley between 31 and 32, gram $13\frac{1}{2}$ and $14\frac{1}{2}$ seers a rupee. The result was that the tenants had great difficulty in paying their rent and Government had to grant remissions in revenue and rent. Up to the year 1932 there was not much change and after this year there was a slight rise in price and in December, 1932, wheat was sold between 11 and 12 seers, barely 19 and gram 18 seers a rupee.

Pages 94 and 95, Banjatras—The sanitary and medical arrangements of the banjatras are now made by the district health staff. Funds for this are provided by Government.

On page 136, Chapter IV, Administration and Revenue, the following alterations have to be made :

The sanctioned magisterial staff consists of three fully powered deputy collectors and one treasury officer. There are also four tahsildars and two benches of honorary magistrates in the Municipalities of Muttra and Bindraban. The bench of Brindaban is invested with the ordinary powers of the 3rd class and consists

of three members holding office for five years only. At Muttra the bench consists of eleven members, three of whom hold office for life and the rest for a period of five years. One special magistrate, 1st class, Kuar Diggpal Singh Sahib, sitting at Muttra has jurisdiction throughout the Muttra District. Outside the municipalivies, Chaudhri Nazirul Hasan, Magistrate, 3rd class, sitting at Mahabau has jurisdiction within the limits of Baldeo police circle and holds office for two years. Thakur Sajjan Singh, sitting at Goberdhan has jurisdiction within Goberdhan and Sonkh circle. He has 3rd class powers and holds office for five years. Rai Sahib Babu Gobind Das, Special Magistrate, sitting at Muttra with 1st class powers has jurisdiction within the police circles Ohhata, Shergarh, Kosi, Barsana, Muttra, Brindaban, Farah, Sonkh and Goberdhan. Kuar Sultan Singh Sahib, who holds his court at Makanpur, Sadabad Tahsil, possesses 2nd class powers.

Delete the words "the District Surveyor" in the fourth line from the bottom of page 136, *substitute* "upper" for "Lower" in line one on page 137.

The following alterations are to be made on page 161 :

The police force is under the control of the superintendent of police, subordinate to whom is a deputy superintendent of police, a reserve inspector, a prosecuting inspector and one circle inspector. The regular civil police force consists of 27 sub-inspectors, 33 head constables, 14 naiks and 348 men posted at the various stations and 7 sub-inspectors, 9 head constables, 3 naiks and 91 men in reserve. The armed police comprises one sub-inspector, 9 head constables, 15 naiks and 112 men.

Delete lines 12 to 14 on page 161 beginning from "But the Act XX" up to "Under the Act" followed by the following alteration "The rural and road police number 393 :"

Page 163. Jail—Is to be reproduced as follows :

There is only one jail in the district, situated in the civil lines close to the Agra-Delhi road. It was built in 1860 and is officially recognized as a second class jail, capable of accommodating 318 prisoners. The daily average population of the jail in 1932 was 376.23 males and 7.44 females, including

convicts, under-trials and civil prisoners. The chief industries that are carried on in jail are tat-making, mat-making, durrie weaving, carpet weaving, chicks, dusters and *garha* cloth.

Page 165—The town of Brindaban no longer forms a separate sub-division of its own and has no sub-registrar. Sub-registrars are stationed only at the four tahsils of Muttra, Chhata, Sadabad and Mat.

Page 166—The number of post offices has since been raised to 43 including one head post office, 15 sub-offices and 27 branch offices.

Page 168—The Joint Magistrate and the tahsildar are no longer appointed by the Government as members of the Brindaban Municipality.

Page 172. Dispensaries—The following dispensaries are under the control of the Civil Surgeon.

1. Muttra (Sadr) in charge of a P. M. S. officer.
2. Muttra (female) in charge of a woman assistant surgeon.
3. Kosi—in charge of sub-assistant surgeon and
4. Brindaban—incharge of sub-assistant surgeon.

The following dispensaries are now directly managed by the district board :

1. Surir—in charge of a L. M. P.
2. Barsana ditto.
3. Sadabad ditto.
4. Baldeo ditto.

Sadabad dispensary derives an income from an investment of Rs.5,000 and Goberdhan from an investment of Rs.3,500.

Page 173—There are now ten cattle pounds in tahsil Chhata, Shergarh, Chhata, Tarauli, Khaira, Sahar, Hatana, Kamar and Barsana are under the control of the district board. Badha has also got a district board cattle pound. Kosi Town has a pound belonging to the notified area.

Page 252—Chhata town has also got a Vernacular Middle School and tahsil.

Page 271—There is a Vernacular Middle School, Primary School, and five other schools for compulsory education in Kosi. Water-works have been opened here since 1929. It is a notified area.

The following additions are to be made :

Tahsil Mahaban was abolished in 1925 and 93 villages having 468 mahals have been amalgamated with Sadabad Tahsil and the rest with Mat.

Markets are no longer held in the following villages of tahsil Mat, Barauth, Palkhera, Shankergarhi, Nibgaon, Pokesra, Diwana, Anorah, Lohban, Sihora, Jarara and Bityohin. Markets are now held in Bera, Karab and Bahadur also.

Dharamshalas and temple—Of recent years several dharamshalas have been built at the following places :

1. Dharamshala of goldsmiths by the community of goldsmith at Goberdhan ;

2. Dharamshala of Lala Goberdhan Dass Makkar of Calcutta at Goberdhan.

3. Dharamshala of Vaishya Mahawar by the Vaishya community at Goberdhan.

4. Temple of “ Shri Gopal Ji ” under the management of Manohar Dass Babaji of Goberdhan at Goberdhan.

5. Dharamshala built by Bhaggamal of Farah at Farah.

6. Dharamshala built by Hub Lal Jat of Umari at Kosi Khurd.

7. Dharamshala built by Jiwa Ram Mangaldin Vaishya at Aurangabad.

8. Maharaja of Jaipur's temple at Bindraban with the statue of Sri Krishna and Hansa Autar, has now been completed.

There have been considerable improvements in Muttra City and more are under contemplation. Dampier Park has been completed. The lack of suitable accommodation was greatly felt by the educated classes and officers, who did not wish to live in a city. This need has now been fulfilled by the Dampier Park, in which there are a number of big kothis built in the modern style.

A scheme for building a model town by the name of Dible-nagar is under contemplation. An area of 100 acres is being acquired at Bhuteshwar on the Goberdhan-Muttra road, and it is expected that within a year the whole scheme will be complete, and Muttra will have a model town.

A scheme for the construction of a tarred road between Muttra and Brindaban, and one between Nandgaon and Kosi Kalan is also under contemplation. As soon as funds are available, the work will be commenced.

Jaipur temple at Brindaban is now complete and the statue of Sri Krishna and Hansa Avtar has been placed therein. The Prem Maha Vidyalaya at Brindaban has been closed for political reasons. The dharamshala of Tejpal Jamna Das is complete. The Dampier hospital at Goverdhan is complete and is much appreciated by the public. There are two orphanages at Goberdhan, one of Kishori Lal and the other of Singi Kishen Singh.

The new museum was completed in 1929 and the opening ceremony performed by His Excellency the Governor of the United Provinces.

H. S. ROSS, I.C.S.,
Collector of Muttra.

Page 20

The outbreak of contagious cattle diseases were well controlled by prompt actions of the subordinate staff of the department by means of preventive inoculations and other preventive measures.

Six veterinary assistant surgeons were stationed in the district during the year 1932-33 in different tahsils. All of them with the exception of one attached to municipal board in their conservancy cattle yard were carrying out both the stationery and the itinerary duties in the district.

Death from contagious diseases

Rinderpest	Foot and mouth disease	Haemorrhagic septicæmia
919	16	453
Black quarter	Anthrax	Other contagious diseases
2	3	9
Total .. 1,402		

*Page 37**List of wells*

The number of wells in the district in 1933 was as follows :

				Pakka	Kachcha
Agra	2,066	7,006
Kiraoli	3,129	2,075
Khairagarh	3,572	4,993
Fatehabad	1,044	9,743
Bah	1,557	5,443
Firozabad	614	8,317
Etmadpur	579	10,635
Total for the whole district				12,561	48,202

The following amount of takavi was given for construction of wells from 1926-27 to 1932-33 :

					Rs.
1926-27	3,800
1927-28	700
1928-29	350
1929-30	6,228
1930-31	8,450
1931-32	1,550
Total					21,078

Page 48—FAMINE FOR AUGUST, 1924

1924-25.

A sudden flood of unprecedented dimensions caused by heavy rain and the successive collapse of numerous embankments in eastern Rajputana inundated more than half of Kiraoli and small portions of Agra and Kheragarh along the banks of the Khari Nadi. This was followed by an equally disastrous flood caused by the immense rise of water in the Jumna in October of the same year. A great deal of loss to *kharif* crops was caused in the tahsils of Agra, Etmadpur, Ferozabad, Fatehabad and Bah and houses in the rural areas and business quarters in the city were also badly affected. There was an extensive destruction of fodder stocks in the Karaoli Tahsil and special relief measures were employed. Bhusa was sold at a high rate of Re.1 per maund. Owing to the destruction of the *kharif* crops in 1924, remissions of land revenue amounting to Rs.29,403 were sanctioned by Government.

1928-29

The early cessation of the rains of 1928 caused a draught which brought about the failure of the *kharif* crops. The winter rains were tardy and coupled with the severe frost that occurred in about 300 villages caused great damage to the *rabi* crops. Takavi amounting to about 8 lakhs odd was distributed and liberal suspensions and remissions of revenue amounting to Rs.90,034 and Rs.9,81,525 respectively were made. Seasonal hailstorms caused some slight damage in 58 villages and hot weather locusts in 17 villages.

In addition to the failure of crops another misfortune be-fell the district in July, 1929, thousands of swarms of locusts visited the district and laid eggs which sprung up into wingless locusts and caused great damage to the crops.

The year was marked by scarcity of fodder which was insufficient everywhere, especially in unprotected areas and the pasturage was bad due to the unfavourable conditions. There was a great anxiety in the early part of the year and this led to taking up hay operations in hand. Forest hay to the extent of 69,290 maunds was imported from Jhansi, Banda and Cawnpore

Divisions. The general principle was to sell as much as possible (about 376 maunds) at a high price of Re.1-5 a maund to people who could afford to pay this rate while as much as possible (66,641 maunds) of the remainder was sold according to its quality at fixed rates of 8 to 12 annas a maund. Prices were subsequently reduced below the standard rates in respect of about 2,225 maunds when demands slackened off, as it was clearly better to sell the hay at any cost rather than not to sell it at all and allow it to waste. The demand began to slacken in the beginning of March, heavy frost having destroyed *rabi* crops which were then available for fodder. Bhusa too was imported on a large scale by private enterprise and was sold in the open market at a high rate of 20 or 25 seers a rupee until certificate of concession rates in railway freight were granted to selected *bhusa* dealers, when it began to sell at the fixed rate of Re.1-2 per maund. All these operations were of the greatest assistance both to cultivators and the general public.

1929-30

In consequence of the large swarms of locusts which visited the district in 1929 the crops of about 200 villages were damaged covering an area about Rs.37,385 acres in tahsils Bah, Fatehabad, Kiraoli, Itmadpur and Ferozabad.

To relieve the general distress takavi loans amounting to over six lakhs were distributed between August and November, 1929 and revenue amounting to 5 lakhs was remitted. Scarcity was also declared by Government and test works were opened at three places (at Nadaun in tahsil Itmadpur and at Rasulpur and Achhnera in tahsil Kiraoli) but these works actually attracted few labourers and were subsequently closed.

1930-31

The year of 1931 was an even more difficult one than previous years. Though the *kharif* crop was a fair one prices had fallen so considerably by the time it came on the market that cultivators who were burdened with the debts of previous years found the greatest difficulty in paying their rents out of it and on a strong representation being made to Government it sanctioned a relief of 4 annas for those mohals which had received no canal

irrigation or where the total irrigation was less than 50 per cent. This relief amounted to Rs.1,92,767. Subsequently owing to the failure of winter rains, frost, hail and insect pests the *rabi* harvest proved very deficient and further extensive remissions amounting to Rs.2,82,186 were granted on that account. These remissions were increased soon afterwards by Rs.58,198 to correspond with reductions in the rents of statutory tenants which were made to meet the fall in prices. In July, 1930, locusts visited 15 villages of the district and laid eggs in them, but immediate measures were taken to deal with young hoppers as they emerged; and there was no actual damage to crops on this account.

1932

The promise of a very fair *kharij* in 1931 failed to materialise as the result of heavy rainfall when the crops were ripening. The outturn proved very poor and remissions amounting to Rs.2,61,433 had to be granted. Subsequently further remissions of Rs.3,68,124 for both *fals* were allowed for slump in prices. The *rabi* too did not come up to expectation on account of the absence of winter rains although general relief was required. Special remissions were found necessary for hail and frost, which spoiled the standing *rabi* crops in 106 and 31 villages respectively and for rats which caused considerable loss in 185. Remissions amounting to Rs.6,309 for one or more of these reasons were granted.

Page 49

Page 51

Rai Bahadur Shah Durga Prasad of Semra is dead. His son Shah Mukteshwari Mohan Singh is minor under the guardianship of his mother Srimati Permeshwari Devi.

The business of late Chaubey Radha Mohan is now carried on separately by Rai Sahib Chaubey Sudershan Lal and by Chaubey Sushan Chander his nephew.

Co-operative Banks—There are three district and central Banks in Agra, (i) District Co-operative Bank Ltd., Agra, has 18 societies affiliated to it and M. Amba Prasad is the Managing Director, (ii) The Jarauli Central Co-operative Banking Union, Ltd., has got its headquarters at Jarauli and finances 92 Societies. Its managing Director is Chaudhri Ganga Ram of Jarauli, (iii) The Parna Central Co-operative Bank Ltd., has 77 societies affiliated to it and Pandit Kirpa Shankar Dikshit is the Managing Director. The head quarter of the Bank is at Nowgawan.

Further there is one ghee sale Union at Chauhankapura, tahsil Bah and one Industrialists Central Co-operative Stores, Ltd., at Agra. The Agra Agency of United Provinces Arya Central Co-operative Bank, Ltd., Lucknow, has 35 societies under it. There is also one United Provinces Telegraph Co-operative Society and Agra Collectorate Officials Society and one District Board Employees Society at Agra.

Page 57—FACTORIES

There are 45 factories under the Factories Act in the district. The six ginning, pressing and weaving mills, formerly known, as the Agra United Mills Ltd., still exist under the name of John's Spinning and Pressing Mills. There are other ginning and pressing mills shown below. Besides these textile shoe and iron works are in operation at Dayal Bagh under the name of Model Industries, Dayal Bagh, Agra :

- (1) John's Spinning and Weaving Mills.
- (2) Pooran Chand and Company Ginning and Pressing Mill.
- (3) The Broach City Press Co., Ltd.
- (4) The New Mufassil Co., Ltd.
- (5) The Agra Spinning and Weaving Mill Co., Ltd., no. 1.
- (6) Ghansham Das Baijnath Oil Mills.

- (7) Govind Ice Factory.
- (8) Ram Chand Lachman Das Ice Factory.
- (9) Kishna Ice Factory.
- (10) Ajudhya Prasad Ram Prasad Iron and General Works.
- (11) Ram Chand Lachman Das Iron Works.
- (12) Agrawal Iron Works.
- (13) Mallomal Ram Prasad Iron Works.
- (14) Golab Rai Chhotey Lal Iron Works.
- (15) Golab Chand Chhotey Lal Iron Works.
- (16) Debi Sahai Lalla Mal Iron Works.
- (17) The New Agra Tannery, Agra, formerly known as Leather Works, Agra.
- (18) China and Foot-wear Co.
- (19) Darbar Shoe Factory.
- (20) Model Industries Dayal Bagh.

In Firozabad there are 4 ginning mills and 20 workshops which come under the definition of the Factory Act. Out of these 21 are situated in Firozabad town itself and one at Hirangau.

The owners of the Indian Glass Works were Chaudhri Nand Ram and Moolchand but now it is run solely by Chaudhri Moolchand. More than 50 men work there.

Page 57

Messrs. A. John & Co. have taken back their business from Mr. S. Bayankar and the Agra United Mills, Ltd., are now called John's Spinning and Pressing Mills.

Mr. N. S. Bayankar had purchased the several spinning mills Ginneries and a flour mill from Messrs. A. John & Co. to which firm they all belonged in the year 1920. This purchase had been made by N. S. Bayankar on behalf and for the benefit of a Company, the Agra United Mills, Ltd.

The Agra United Mills, Ltd. raised a loan of fifty lakhs of rupees by issuing debentures over it and thus acquired properties. These debentures were subscribed by the John family. And on the failure of the company to pay interest and principal the debenture holders filed a suit which was decreed and in the execution

of their decree Messrs. John Brothers purchased back all these properties in 1931.

Page 58—FAIRS

Agra City—Moharram, Dasehra, Urs Shah Abul Ulla, Pachkuwan, Teraki, Gangor.

Agra Tahsil—Debi (Itaura, Barai Jogipura), Kailash Swami, Sitla (Mau), Dasehra (Basai), Ursi Kadam (Bodla), Kamal Khan (Sultanpur).

Fatehpur-Sikri—Urs Sheikh Salim Chishti.

Firozabad—Urs Shah Sufi.

Etamadpur—Mela Kans and Haji Pir Mela.

Khairagarh—Gwal Baba (Jagner), Kund Birthala, Kund Aila.

Bah—Bateshwar, Naugawan, Jarar, Bhadrauli, Pinahat.

Page 59

The following stations are in the district:

1. East Indian Railway Firozabad, Harangan, Tundla
Mitaoli, Barhan and Chamraula.

During the last ten years the main line has been doubled between Etawah and Tundla and in connexion with this one new bridge consisting of 2 × 60 feet girders has been built at mile 771 T. P. 3 to carry the new down line. Minor extensions and alterations to other bridges have been carried out also in connexion with the doubling.

2. East Indian Railway, Agra Branch. Etamadpur, Kuberpur, Jumna Bridge, Agra Fort, Agra City.
3. B. B. and C. I. Railway. Agra Fort, Idgah, Bichpuri and Achhnera.

The following important works were carried out by the railway during the last ten years on the line passing through Agra District.

1. Avoiding line from B. A. Railway main line into north shunting neck of Agra Cantonment Yard to save the back shunt from Idgah.
 2. Remodelling of M. G. Loco yard at Idgah and east end of metre gauge traffic yard at Agra Fort.
 3. Interlocking the west end of the yard and providing station master's control on cabins at Agra Fort.
 4. Great Indian Peninsula Railway (Bombay-Delhi). Jajau, Bhandai, Agra Cantonment, Raja-ki-Mandi, Bilochpura, Sikandra, Runkutta, and Kitham.
 5. Agra Bayana Railway (Bombay, Baroda and Central India Railway broad gauge). Midhakur, Kiraoli, and Fatehpur Sikri.
 6. Agra Bah Railway (Branch of Great Indian Peninsula Railway). Agra * Cantonment Junction, Therai, Shamshabad, Pentikhera, Fatehabad, Pinahat, Holipura, and Bah. It was opened in the year 1928.

Military Tehra and Runkutta.

Page 63

The Bombay, Baroda and Central India bridge across the Jumna is still used by the Railway but is closed to ordinary traffic which now crosses by a roadway beneath the East Indian Railway bridge, a short distance higher up the river. The roadway is open and passable all the year round. It is closed to traffic only for one day in the year, perhaps in the month of May.

Page 71—CHURCH MISSIONARY SOCIETY

St. John's College (founded in 1850) now prepares students for the M.A., M.Sc., B.A., B.Sc. and B. Com. examinations of the Agra University and for the Intermediate Arts, Science and Commerce examinations of the United Provinces Board of High School and Intermediate Education.

Other institutions of the Society comprise a Boys' High School, a Girls' High School for Christian girls, a Girls' middle school, 4 primary schools for girls and Victoria Latham Hosiery School.

Page 84—NEWSPAPERS

Fatehabad. The Mathur Vaish Hitkari ceased publication

Agra. The following are the important newspapers in Agra City.

Agra Akhbar (Urdu), Arya Mitra (Hindi), Farishta (Urdu), Peoples Herald (English), Dayal Bagh Herald (English), Prem Pracharak (Hindi), Swetambar Jain (Hindi), Vedant Kesari (Hindi), Ehsas (Urdu), Agra Samachar (Urdu and Hindi), Chaturvedi (Hindi), Rajput (Hindi), Vir Gurjar (Hindi), Agra Punch (Hindi), Sainik (Hindi);

Page 89

Raja Balwant Singh of Awa died in 1909 and was succeeded by his son Raja Surajpal Singh who was during his minority under the guardianship of the Court of Wards. The estate was released from the superintendence of the Court of Wards on 26th

October, 1917, when the Raja attained his majority. The estate is now being managed by Raja Surajpal Singh himself.

Page 94

— OTHER LANDOWNERS

For "Raja Kushalpal Singh" read "Raja Bahadur."

Page 101

The Bench now consists of 9 Honorary Magistrates exercising jurisdiction within the Agra Municipality. There is also a bench of Honorary Magistrates exercising jurisdiction within the limits of Firozabad Municipality and a bench of Honorary Magistrates at Tundla. There is also a bench of 3 Honorary Magistrates recently appointed for Agra Cantonment. The number of Special Magistrates is 7.

There are also 3 Honorary Assistant Collectors in the district with 2nd class powers working for the Agra, Kiraoli-Khairagarh and Etmadpur-Firozabad tahsils.

Page 113

There are now 28 police circles including 2 of Government Railway Police.

Page 115

The police are under the control of Superintendent of Police, subordinate to whom are 2 Assistant and 3 Deputy Superintendents, 2 Circle Inspectors, 1 Prosecuting and 2 Reserve Inspectors and 3 Sergeants, 59 head constables, 50 naiks and 768 men are posted at various stations and 2 sergeants 19 sub-inspectors, 16 head constables, 2 naiks, and 181 men are in reserve.

The armed police including 53 mounted men comprises 4 sub-inspectors, 24 head constables, 29 naiks and 287 men. They are all employed at headquarters, with the exception of one frontier guard stationed at Sarendhi.

The village police attached to thanas number 756.

Page 120

The whole district is now under the distillery system. The duty is Rs.6-8 in the city and Rs.4-14 in the district.

Page 125

Agra has a telephone system linking it up with the general trunks of India.

Page 129

The District Board is now an entirely non-official body since 19th April, 1923. It consists of 28 elected and 3 nominated members, one of whom is a woman. Rai Bahadur Munshi Amba Prasad was elected Chairman in January, 1932. Mrs. G. A. Simeon, a Christian lady is the nominated woman member.

Page 131—ST. PETER'S COLLEGE

The staff consists of the Rector, Vice-Rector and Disciplinarian (all members of the Capuchin Order) and eleven trained and certified lay teachers. The number of pupils is 207 of whom 40 are Indians. The students are prepared for the Cambridge School Certificate Examination.

ST. JOHN'S COLLEGE, AGRA (Founded in 1850).

It now prepares students for the M.A., M.Sc., English, Economics, Philosophy, History, Mathematics, Persian, Chemistry, and Zoology, B.A., B.Sc., and B. Com examinations of the Agra University and for the Intermediate Arts, Science and Commerce Examinations of the United Provinces Board of High School and Intermediate Education. The staff consists of the Principal, Vice-Principal and over 40 professors, assistant professors, demonstrators and trustees.

There are now spacious playing fields adjoining the College and Hostel buildings and a number of bungalows for the staff.

Page 131—AGRA COLLEGE

The College is the largest constituent College of Agra University and has now over 1,000 students.

With its hostels and playing fields it now occupies an area of over 340 bighas. The College proper situated on rising ground consists of a central Arts Block, containing extensive Science laboratories and an assembly hall of good acoustic properties which can comfortably accommodate 800 persons. The library contains some valuable oriental manuscripts.

About half the students reside in hostels, the life in which is a special feature of the institution. This system administered largely by monitors and with official supervision reduced to the minimum compatible with administrative requirements, creates a spirit of responsibility and is rarely abused.

There is ample provision for games and physical training is compulsory. The Union and its subsidiary societies provide an outlet for oratorical and histrionic ability.

The college is recognized by the University of Agra for post-graduate instruction in English, History, Economics, Philosophy, Persian, Mathematics, Chemistry, Physics, Botany, Zoology, and Law. Scientific research is conducted by the staff and selected students. The Principal, Mr. F. J. Fielden, M.A. (London and Cantab.), is supported by a staff of over 60, many of whom have European qualifications.

Page 182—SECONDARY SCHOOLS

The Secondary English Schools, now totalling 21, fall into two classes according as they provide for the education (1) European and (2) Indian, boys and girls.

The former are 7 in number, viz. (1) St. Peter's College, (2) St. Paul's High School, (3) St. Aloysius School, (4) St. Patrick's School, (5) St. Anthony's Branch Day School, and (6) St. George's School at Agra. The first five are managed by the Roman Catholic Community. No. (6) by the Diocesan Board of Education (Church of England). There is also an East Indian Railway School at Tundla managed by the Railway Company.

Nos. (1) and (2) are now combined into one institution called "St. Peter's College and Orphanage." So are Nos. (3) and (4) now merged into "The Convent of Jesus and Mary St. Patrick's Boarding School and Military Orphanage."

The second class of school whether aided by Government or local Boards or receiving no grant in aid, may be sub-divided, those teaching up to (1) Class VIII (Middle Schools), (2) Class X (High Schools), and (3) Class XII (Intermediate Colleges).

MIDDLE SCHOOLS AIDED BY GOVERNMENT

(1) Brahman School, Agra, (2) C. M. S. A.-V. School, Sikandra (Agra District), and (3) Holman Institute, Agra.

HIGH SCHOOLS

Among high schools may be mentioned St. John's High School and the Government High School. The latter managed by the Education Departments since 1909. The Mufid-i-am School

was founded in 1858 by Raja Bahadur M. Sheo Narayan and the Victoria High School in 1882 by Pandit Ajodhya Nath and others. There is also the Balwant Rajput High School (now raised to the status to an Intermediate College in 1928) founded and endowed by Raja Balwant Singh of Awa. Among the newly started institutions are the D. A.-V. High School maintained by the Arya Samaj, the Shuaib Muhammadia High School founded by M. Saiyid Ahmad in 1913, the Sri Ram Chandra Victory High School, Firozabad, founded in 1919, the Baptist Mission High School, the East Indian Railway A.-V. High School, Tundla, and the Radha Swami Educational Institute (now raised to the status to an Intermediate College in 1922) founded in 1917, a feature of which is the Engineering Workshop to lay stress upon the practical side of training. All the above schools are aided by Government.

Balwant Rajput Intermediate College, Agra, is the only unaided one.

There are also 16 middle vernacular schools, including the Government Model School attached to the Normal School and the Municipal Middle School, Wazirpura, Agra. There is also a Training School maintained by the Municipal Board at Wazirpura. The remaining 14 schools maintained by the District Board are scattered throughout the district.

The following are the girls' schools aided by Government :

'A.-V. GIRLS' MIDDLE SCHOOLS

1. St. Joseph's Orphanage, Civil Lines, run by Roman Catholics.
2. The Murari Lal Khattri Girls' School (City), Bagh Muzaffar Khan.
3. The St. John's Girls' School run by the Church Missionary Society, is not in the city. It is in Civil Lines off Drummond Road.

4. The Saghir Fatma A.-V. School (City), run by Muslims.

HIGH SCHOOLS

1. The Queen Victoria Girls' High School.
2. The Prem Vidyalaya (high school for girls) is run by the Radhaswami Educational Institute.

Page 134

The medical institutions maintained from local funds comprise the City branch dispensaries at Chhatta, Tajganj and Lohamandi, the branch dispensaries at Firozabad, Fatehpur Sikri, Fatehabad, Bah, Khairagarh, Esmadpur, Shamshabad, and Chittrahat. In addition there are two female dispensaries, one in the city (Peepalmandi) maintained by the Municipal Board, Agra, and one at Firozabad maintained by the District Board. There is also a police hospital and a private aided dispensary at Tundla.

Page 135—THOMASON HOSPITAL

Great additions have been made to the institution in the shape of a European ward, a large Surgical ward, operating rooms, private wards, a separate Ophthalmic Hospital, a separate Septic ward, Emergency department and separate Maternity, Gynaecological and children's diseases wards and Medical wards.

The Hospital has the advantage of Pathological and Bacteriological Laboratories and X-Ray department in the attached Medical School. The recent addition of Surgical and Medical Registrars has contributed much help to the system of maintaining Hospital records and to the clinical ward work.

The staff practically consists of the same medical officers as are attached to the Medical School. The recent addition of a Resident Medical Officer and the nursing staff consisting of 1 Matron, 7 Staff Nurses and 20 Probationer Nurses has been a great improvement. The Agra Medical School was started in connexion with the hospital in 1854. The students educated in this institution qualify for the M. S.M.F. and L.S.M.F. diplomas of the United Provinces State Medical Faculty. The curriculum of studies extends over a period of five and four years respectively; there is no regular 5 years' course started yet but there is a one year's post-graduate course as a temporary measure. The United Provinces State Medical Faculty fixes the courses of studies and appoints examiners for the Membership and Licentiatehip qualifying examinations which are held at the end of the 5th and 4th years, respectively.

The students are divided into Civil and Military classes and the total number of pupils in these classes average 314 annually.

Candidates who have passed the School Leaving Certificate or equivalent examination with Science of the United Provinces are eligible for admission to the Civil class.

Government of India in Army Department letter no. Z-10502/1 D.M.S.I.D.), dated February 11, 1932, to the Adjutant-General in India decided that Military Sub-Assistant Surgeons shall in future be recruited in the open market. Indian Military Medical students now attending Medical School will, however, on passing out from the schools, have the option of joining the reserve and those who do so will be specially considered for appointment to permanent vacancies in the Indian Military Department as they occur. The system of selecting Indian Military Medical students for admission to medical schools will cease forthwith.

On passing the Membership and Licentiatehip qualifying examinations students may either enter Government service in Provincial Subordinate Medical Service of the United Provinces or take up employment elsewhere. The women students who were formerly taught in this school now learn in the Women's Medical School which was converted into an independent institution in 1918 and is under a lady Principal belonging to the Women's Medical Service.

The school which was formerly under the Principalship of the Civil Surgeon of Agra, was placed under a wholetime Principal in August, 1921. In addition to the Civil Surgeon, who is the Superintendent of the Thomason Hospital, Agra, and the Principal, there are 10 lecturers, 7 Assistant Lecturers and Demonstrators, 1 Honorary Lecturer and 2 part-time Lecturers and one of the part-time Lecturers is a member of the Indian Medical Service, 7 are members of the Provincial Medical Service. All the Assistant Lecturers are the members of the Provincial Subordinate Medical Service. Three hundred and seventy Indian Military pupils passed out of this school during the period of the Great War and served in various theatres. This was the largest number of any Medical School in India, the next highest figure being 60 passed out by the Ahmedabad Medical School. The Military class is abolished now.

The Maternity Hospital and the Lady Lyall Hospital in connexion with the Women's Medical School at Agra are staffed entirely by women and maintained by Government for the benefit of lying-in women and sick women and children. They contain lying-in Gynaecological, Surgical and Medical wards fully equipped and with necessary operation rooms, etc. There are many private rooms, for which well-to-do patients pay rent. The hostel for women has accommodation for 60 students.

Page 333

Since January, 1923, Bih has been connected with Agra by a motor service and since 1928 it has been connected by rail,

Page 248

The following bus services now run from Agra to other important parts of the district :

1. Agra-Fatehabad-Bah.
2. Agra-Kitham-Muttra.
3. Agra-Khairagarh.
4. Agra-Dholpur.
5. Agra-Khandauli.
6. Agra-Firozabad.
7. Agra-Kagaraul-Jagner.
8. Agra-Fatehpur-Sikri.
9. Agra-Bharatpur.
10. Agra-Pinahat.
11. Agra-Khanda.
12. Agra-Iradatnagar.
13. Agra-Narkhi and Firozabad.

District Gazetteers
OF THE
United Provinces of Agra and Oudh

Supplementary Notes and Statistics
up to 1931-1932

TO
VOLUME D

MAINPURI DISTRICT

ALLAHABAD:
SUPERINTENDENT, PRINTING AND STATIONERY, UNITED PROVINCES
1934

Draft notes of Volume D of the Mainpuri District Gazetteer, 1921--1931

Page 29—Cattle

Up to 1921 cattle-breeding was under the charge of the Civil Veterinary Department. In 1921 it was transferred to the charge of the Agricultural Department. Up to 1925-26 only one Government bull was at stud in this district, this being a bull of Hissar breed issued by the Civil Veterinary Department in 1918. Owing to this district not being included amongst the districts in which bulls were concentrated it received no attention in this respect till the first lot of eight bulls was issued in the year 1926-27 which issue was made possible from a grant made by the Board of Agriculture to the Mainpuri district board for the purpose.

The distribution created some interest amongst the zamindars and in 1929 a cattle show was arranged at Mainpuri in connexion with the Mainpuri Exhibition, and sixteen more Government bulls were exhibited and afterwards distributed under the free-on-loan scheme for breeding purposes. This created a demand for more and another lot of six was distributed later in the same year. In 1929-30 seventeen more bulls were issued and the demand since then has increased steadily every year, and up to 1931-32, 103 bulls were placed at stud in the district. The use of pedigree bulls of Hissar breed is undoubtedly having a considerable effect on the herds in which they are at stud. Village cows mated to these bulls produced calves very much of the Haryana type and of about the same size. One-year old calves from the village nondescript bulls were usually sold for Rs.10 to Rs.15 each, but the progeny of Government bulls now fetches easily 15 per cent. more than that realized from calves bred from the usual village herd bull.

Future proposals for the improvement of the breed and development of the industry are the castration of all bull calves of small size and the substitution of old and cruel methods of castration by the issue of the Burdizzo instrument from taqavi grants. Arrangements are being made to issue cows and buffaloes of good type on taqavi for special breeding areas where Government bulls are located.

Line 18--After the sentence concluding with "and Lakhaura, as corrected in volume C *add* a new sentence:

"In 1932 the total number of all cattle markets in the district was 83."

Page 30--Cattle disease

Add at the end of this paragraph--

"There are now three well-established Veterinary Dispensaries at Mainpuri, Shikohabad, and Jasrana in charge of the district board. They are popular and people take advantage of them."

Pages 32 and 33--Fever

Add to the paragraph of "Fever"--

"During the decade 1921-31 the bulk of mortality continued to be due to fevers. There was an appreciable reduction in the total number of deaths from all causes as Table IV would show. There was no epidemic of a virulent type in the district, except in 1924 when cholera took a toll of 997 persons."

Page 38

Add a new heading as follows:

Agriculture
Department.

Mainpuri District has received the special attention of the Agriculture Department from its very infancy. The indigenous enterprise toward this end has played no mean part in it. The founder and prime mover of all these activities, Pandit Chiraunji Lal of Alipur, is still alive to see the tree of his efforts bearing fruit and is still prepared to do anything in the way of agricultural improvement.

Agricultural Farm--The department started a small demonstration farm in the year 1918, but selected the worst possible barren and sandy land near the civil courts with the avowed object of demonstrating the capabilities for economic farming of such lands.

The farm has shown wonderful improvements under scientific judicious management.

So far the following varieties of seeds have been supplied to the cultivators from this farm: Wheats--Pusa nos. 8, 12, and 4; and Cawnpore no. 13 Gram--Pusa no. 25.

Groundnuts--Big Japanese and Akola no. 10.

Sugarcane—Coimbatore nos. 312 and 290.

Many new varieties of wheat, sugarcane, and juwar are under trial on the farm.

Staff and extension work—The work of propaganda, demonstrations of improved methods and introduction of improved crops is done by a qualified staff of one Divisional Agricultural Superintendent who is in charge of the whole district work and four inspectors in charge of one tahsil each of Mainpuri, Jasrana, Shikohabad and Bhongaon. In addition to the other agriculture work they hold charge of seed stores. The pure seeds produced on the farm are handed over to the seed store wherefrom they are distributed to the cultivators on cash and sawai. Meston ploughs and Akola hoes have been widely introduced in the district. In well-irrigated areas Persian wheels are becoming popular.

The Co-operative Department is supplementing the efforts of the Agriculture Department by establishing its own seed stores and starting demonstration plots. Besides, there is ramification of demonstration plots throughout the whole district. The object of these demonstration plots is to show the superiority of improved crops, implements, and manure as against the indigenous on the cultivators' fields.

The following crops have been established in the Mainpuri District:

Crops—Improved Wheats—Local inferior types of wheats have nearly disappeared from the district and have been replaced by Pusa nos. 4 and 12 and Cawnpore no. 13 according to the local requirements. Cawnpore no. 13 and Pusa no. 4 are liked by the cultivators very much.

Sugarcane—New varieties of sugarcane Coimbatore nos. 312, 290, and 300, are very superior to indigenous canes—Muttna, Chin, and Rakhra, which were once considered to be favourites. They have practically disappeared and are in the course of extinction. The new varieties give 50 to 100 per cent. higher returns.

Groundnuts—This is a very valuable gift of the Department of Agriculture to the district of Mainpuri. More than 3,000 acres of practically barren sandy land, unfit for growing any crops

profitably, are growing this crop in kharif. As a residual effect the crop makes the soil very rich and fit for growing other crops. The department has introduced a paying kharif crop with a very low cost of production.

Mainpuri is now an established centre for groundnuts. About 50,000 maunds of groundnuts are brought to the markets very year, and are supplied to distant places. Big Japanese is the common variety of the day. It takes about six months to ripen. The department is thinking of replacing this variety with some early and better yielding variety. Akola no. 10 is coming up to be a very promising variety.

Agricultural Engineering—The department has provided two borers for boring the wells to increase the supply of water. Hundreds of wells have been bored in this district and there is a great demand for this work.

Fruit Culture—There were only few gardens in the district but the zamindars have now begun to take lively interest in it and a number of good gardens are being planted every year. Grafted mangoes and jae fruits are commonly planted. Citron cultivation is attracting the attention of the public. Mainpuri District can boast of having a very big garden of grafted mangoes, etc. in village Bemtapur, tahsil Karhal. This and Alipur Patti in tahsil Bhongaon are the important centres of gardens in this district at present.

Agricultural show—The District Krishi Sabha started one Agricultural show at Mainpuri, which has developed into the Mainpuri Agricultural and Industrial show, to create interest in improved methods of agriculture among the cultivators. Besides this important exhibition, the department holds a large number of small shows along with ordinary fairs at Bawar, Bhongaon, Shikohabad, and Jasrana where all improved methods of cultivation, improved seeds, and implements are demonstrated for the benefit of the cultivators.

Better farming societies have grown up in this district to improve the condition of the members of agricultural classes.

Agricultural Education—There is one Government Central Training School at Kuraoli where agricultural education is given

to pupil teachers. A small farm is also attached to this school. Another agricultural class with a farm is attached to Sirsaganj Middle School.

Private Farms—There are twenty private farms in the district which are running under the advice of the Agricultural Department. Some farms which could not cope with the changed conditions and were "Darshani Farms" and could not lower the cost of production were closed down during the decade.

Page 48—Canal division

At the end of this paragraph *add* "The Bhognipore Division was abolished in October 1923 and 41 miles of the tail of the Branch was given over to the Etawah Division and 41 miles of the head to the Mainpuri Division."

Page 70—Co-operative banks

In the year 1921-22, besides the District Bank at the headquarters, 123 societies were working in the district with about Rs.50,000 as their share capital. In the year 1925-26 the number of village societies rose to 150. Then, because the Co-operative Department's aims were at consolidation of the existing societies, rather than at organization of new ones, a pruning hand was applied and an appreciable number of such societies came under liquidation. In 1931-32 the number of societies was 134 with about Rs.70,800 as their share capital, and Rs.2,500 as their members spread over the whole district. These rural societies are all affiliated to the District Co-operative Bank, which is one of the best and most solvent banks of these Provinces. Between the years 1921 and 1932 the district bank was working with about Rs.2,00,000 as its working capital. It has been receiving deposits and advancing loans not only to the co-operative societies of the district, but also to the societies and banks outside the district on moderate rates of interest.

At the end of the period there were 129 rural societies in the district, that is, societies whose members were mostly agriculturists, and five non-agricultural ones, viz. three shoe-makers societies, out of which two were working at Mainpuri proper and one at Naushera (Shikohabad) and two petty traders' societies, one at Kishni and the other at Shikohabad. There are two other co-operative societies known as Revenue and Civil Court Clerks'

Co-operative Societies, Ltd. which are not affiliated to the district bank, but are in flourishing condition. The Revenue Courts' Co-operative Society celebrated its 25 years' Silver Jubilee in 1931 with great enthusiasm. Some societies are maintaining adult night schools and keep medicine chests which are of great service in villages where ready medical aid is not available in cases of emergency.

Up till 1928 the district bank was both the financing as well as supervising agency, but from July 1, 1928, it joined the provincialization scheme according to which its chief function was financing, whilst the supervising function was made to rest in a provincial body mostly confining of representatives of all affiliated district and central banks in the Province. The ordinary rate of interest at which the co-operative societies get money from the district bank is 12 per cent. and in some cases 9 per cent., while the societies advance loans to their members at 15 per cent. per annum generally and in some cases even at 9 per cent. As many societies as 37, all rural, have become self-supporting. In 1928 Rai Bahadur Babu Ganga Prasad, one of the leading co-operators of United Provinces and Managing Director of the Municipal District Bank, died and was succeeded by his son Babu Jagdishwar Prasad.

Page 72—Manufactories crude glass or kunch

Delete first two sentences from the new paragraph introduced in volume C and *substitute* "The Paliwal Glass Works belonging to Bhorey Brij Lal" for "It" in the third sentence. Also *delete* the words "The other factory . . . bright prospects before it" occurring in the new paragraph and *substitute* "A big concern was started under the designation of the Western India Prospective Syndicate, Ltd., Shikohabad Glass Works with a capital of Rs. 3,00,000 in 1922, but the scheme fell through when it was in its infancy and its construction was left incomplete.

Page 74—Saltpetre

During the decade 1921—1931, 186 crude factories worked which yielded an annual average of 320 maunds of crude saltpetre per factory. The market rate of crude saltpetre varied from Rs. 2 to Rs. 3-8 per maund. The crude saltpetre manufactured in the district is transported to Farrukhabad for refinement where 9 to 22

refineries have been working during the past ten years. A good deal of crude saltpetre is also transported to Calcutta for manure.

Page 74—Ginning cotton

Delete the whole matter introduced in volume C and *substitute* :

“ Five ” for “ six ” in the first line and “ one ” for “ two ” in the second line in the original text of volume A.

Page 78—Canal inspection houses

Add “ Mainpuri ” at the end of the page and *delete* “ Bhadan ” from page 79.

Page 100—Criminal Tribes

The number of members of each criminal tribe at the end of 1931 was as under :

1. Aherias	129
2. Lodhas of Bajhera	9
3. Badaka settled	1
4. Musalman Banjaras	348
5. Lodhi Mallahs	2
6. Thakur	1
7. Ahirs	2
8. Chamar of Etawah	1
9. Hindu Ghosias	89
10. Kanjars	108
11. Berias	107
12. Bhovrias	79
13. Nats	23
14. Badak Gipsies	2
15. Gipsy Musalman Banjaras	10
16. Jaga Musalmans	11
Total					920

Of the above the most criminal in their habits are the Aheria, Hindu Ghosies, Kanjars, Beria, Bhauriahs, and the Musalman Banjaras.

The largest criminal tribe are the Musalman Banjaras, who deal in the sale and purchase of cattle and occasional cultivation. They are notorious for cattle lifting. Most of them are settled in villages and some of them are Gipsies. Next in numbers come the Aherias who in some districts are known as Bahelias. They reside in all parts of the district. They

cultivate land and in some places have taken to menial services. They are notorious burglars and robbers. Next to them are the Barias. They have improved a little in their life. They cultivate land and play musical instruments with their women who are dancing girls and prostitutes. They are still notorious for dacoity and robbery and burglary. Kanjars come next to them. They earn their living by hunting and selling skins, manufacture of mats, baskets, ropes, drums, and the collection and sale of the roots of the *khas* grass. They have settled down in villages but they have not improved in character or given up crime. They commit crime by the drop jewellery trick and cheating, robbery, and dacoity. After them come the Ghosias who are settled mostly in tahsil Jastrana. They are the most criminal. They commit theft on running trains, do the drop jewellery trick, and pickpocketing. Their youths are most active criminals. Next to them come the Bhovrias, who live mostly in tahsils Jastrana and Shikohabad. They are hunters and catch game by means of nets and in some places have begun to cultivate land. They commit burglary.

Page 102—Printing Presses

Add to the paragraph introduced in volume C—

"In 1932 there were four presses at Mainpuri and two at Shikohabad, the *Brahman Hitkari* ceased its publication. The *District Gazette*, Mainpuri, is published in two editions, Hindi and Urdu, and is under the administrative control of the district board. The other magazine published from Shikohabad is *Baikaar Sakha*."

Page 105—Raja of Eka

Raja Jiwan Singh of Eka died in 1933 and was succeeded by his son Raja Kushal Kishore Singh.

Page 113—District staff

Line 12—Add after the word Canal Magistrate " (now designated as Deputy Revenue Officer)."

Lines 7 to 11—Delete the narration introduced anew in volume C and substitute the following:

"There are three benches of Honorary Magistrates with second class criminal powers, one at Mainpuri, the second at Shikohabad, and the third at Bhongaon. The Mainpuri

bench consisting of Rai Bahadur Pandit Devi Dayal, Pathak, Shaikh Ahmad Husain, and Babu Kali Charan Saxena, exercises jurisdiction in police circles Kuraoli and Kotwali, Mainpuri. A lady member, Mrs. A. G. Thomas, was added to the bench in 1932. The Shikohabad bench consisting of Lala Jasrat Rai Tandon, Chaudhri Gulzari Lal, and M. Aijaz Muhammad Khan, M.A., LL.B., exercises jurisdiction in Shikohabad police circle. The third bench at Bhongaon was formed in 1932 and it consists of Lala Bengali Lal, M. Abdul Wahab, and Thakur Shamsher Bahadur Singh with jurisdiction in Bhongaon tahsil. Besides, there are five Honorary Magistrates, viz. Chaudhri Sadho Singh at Gadhia, Thakur Nirotam Singh at Mangaon, Rai Sahib Kedar Nath, Rai Chakarvarti at Katana, Lala Babu Ram at Karhal, and Rai Bahadur Pandit Kharagjit Misra at Mainpuri.

There are two Honorary Assistant Collectors with first class powers, viz. Rai Bahadur Pandit Kharagjit Misra and Babu Mata Prasad Sinha, both sitting at Mainpuri and having jurisdiction in the entire district. Other Honorary Assistant Collectors holding second class powers are Rai Sahib Kedar Nath, Rai Chakarvarti (Katana), Lala Mizaji Lal (Karhal), Thakur Darshan Singh (Mangaon), Shaikh Asghar Husain (Mainpuri), and Lala Madho Narain Modgal, B.Sc., LL.B. (Bhadan)."

Line 4—Delete the clause occurring after the words "Deputy Collector" and *substitute* "with first class powers, one of whom remains in charge of the District Treasury."

Page 6 of volume C

Delete the entry about District Surveyor and add—

"the Executive Engineer, Provincial Division, Agra, now holds charge of Roads and Buildings Branch of Public Works Department and one overseer is stationed at Mainpuri."

Page 114—Village Munsifs

Add at the end of the new paragraph introduced by volume C—

"In 1932 the number of the village Munsifs was six and that of village panchayats 44."

Page 114—Opium Department

Mainpuri remained the headquarters of the Mainpuri Opium Division up to 1909. In 1910 the Mainpuri Division was abolished,

although poppy cultivation continued in the district under the charge of Opium officers of Etah, Fatehgarh, and Etawah Divisions. In 1929 the headquarters of the Etawah Division was transferred to Mainpuri and once more Mainpuri was made the headquarters of the Mainpuri Opium Divisions and continued as such for three years, i.e. up to June, 1932, when the division was finally closed down under general retrenchment and poppy cultivation was altogether stopped in the district.

In 1931, Rs.38,000 were distributed as opium advances to poppy cultivators, who were later paid the sum of Rs.1,90,236 at weighments and final payments, i.e. a total of Rs.2,37,236, was altogether paid to the cultivators of Mainpuri District as a total cost of opium produced by them in 1931-32. The area for this decade was much reduced from that of the previous decade (1912-1922) due to decline in china trade.

Crime—The statistics given in the appendix will throw some light on the amount and nature of the crime prevalent in the district and will be found to present no extraordinary features. Dacoity outbreaks, especially in time of famine or as the aftermath of political unrest, call for energetic action on the part of the local authorities. In 1897 there was an outbreak owing to scarcity. The rise in 1930 and 1931 was due to economic trouble and political agitation combined. Owing to the proximity of Indian States, dacoit gangs have not infrequently come from these States and have invariably been well armed and difficult to cope with.

Criminal tribes have in the past been the main dacoity class. The most prominent have been the Bahelias known in some places as Aheryias. Kanjars have also given a great deal of trouble and these two tribes were in the main the cause of the outbreak in 1927 and previous years. Formerly these tribes, especially in the case of Bahelias, confined themselves to petty larceny and theft of all kinds. At the present time these gangs have all come under the provisions of the Criminal Tribes Act and their activities have been curtailed.

Burglary, cattle theft, and ordinary theft are fairly common, but this form of crime is not confined to any particular caste. Cattle theft tends to thrive more in the south of the district where, owing to the proximity of the ravines of the Jumna, concealment of stolen cattle is not a difficult matter. Cattle theft is undoubtedly more common than the figures show and there is in this form of crime often a reluctance on the part of the owner to make a complaint when, for the payment of a ransom, he will receive his animal back without further bother. Investigations into cattle theft are invariably long and the stolen animal is often very quickly passed from one hand to another, especially in the case of A hirs, which is the most numerous caste in the district, and, generally speaking, a lawless one.

In 1930 and 1931 the Congress obtained a considerable following in the district. Mainpuri, Bewar, Bhongaon, and Shikohabad were the chief centres, but it was by no means confined to the towns, for in the rural areas the movement was very strong and the local authorities had a most difficult time.

Page 132—Police

The police force is under the control of the Superintendent of Police, subordinate to whom are the Assistant Superintendent of Police, the Reserve Inspector, the Prosecuting Inspector, and two Circle Inspectors.

The regular Civil Police force consists of 23 sub inspectors, 15 head constables, 1 naik, and 163 constables posted at the various stations and 10 sub-inspectors, 10 head constables, 2 naiks, and 62 constables in reserve. The Armed Police comprise 1 sub-inspector, 13 head constables, 16 naiks, and 133 constables all of whom are kept at headquarters or at tahsils and various guards. In addition to these there are 1 head constable, 3 naiks, and 24 constables employed for watch and ward in the Mainpuri City and 1 head, 1 naik, and 12 constables in Shikohabad Town and one head and 3 constables in Karhal are employed for watch and ward of the respective towns. The villages are watched by 803 chaukidars or an average of one to every 1,037 of the population.

Police Station—The district is divided up into 13 police circles. The police stations are situated at Mainpuri, Ghiror, Kuraoli in the Mainpuri tahsil, and Bhongaon, Bewar, and Kishni in Bhongaon, Kurrah, and Karhal in Karhal tahsil, at Shikohabad and Sirsaganj in the Shikohabad tahsil and at Jasrana, Eka, and Pharha in the Jasrana tahsil. The population of each circle will be found in the appendix. The average number of investigations into cognizable cases made yearly at each police station is 138. The police station at Pharha was established on April 1, 1926. There is a police outpost at Shikohabad, one at Karhal and three in the Mainpuri City.

Page 138—Excise

Previous to 1922-23 the retail shops were settled by auction. From 1922-23 the graduated surcharge system was introduced and under this system shops were settled by the Collector with suitable persons and the retail prices were fixed by Government. Consumption of country liquor fell from 4,814 gallons in 1921-22 to 2,677 gallons in 1931-32. This was due to high retail rates and also to the fact that the issue strength of country liquor was reduced from 25° U. P. to 35° U. P. from the year 1922. During the years 1928-1931 the civil disobedience movement of Mr. Gandhi and the effective picketting of excise shops by the Congress volunteers affected the consumption adversely a great deal.

Page 138—Hemp Drugs

Since the year 1922-23 the contract supply system was introduced and warehouses were established for the storage of drugs. The shops were settled from this year on the graduated surcharge system by the Collector to selected persons. The duty on *charas* was Rs.35 per seer in 1922-23 and 1923-24 and was raised in 1924-25 to Rs.55-12 per seer and it is Rs.57 since A.D. 1933. The retail price was Rs.100 per seer in 1922-23 but was raised to Rs.120 per seer in 1924-25. Under this system the retail prices were fixed by the Government and the licencees had to sell drugs in sealed packets of fixed denominations.

Bhang continued to be retailed at Rs.4 per seer right through.

Page 138—Opium

The graduated surcharge system was applied to the settlement of opium shops also from 1922-23. The issue price was Rs.45 per seer in 1920-21. From 1921-22 it was raised to Rs.55 per seer and it was further raised to Rs.60 per seer from April 1, 1922. In 1931-32 it was enhanced to Rs.70 per seer. The retail rate was Rs.100 per seer prior to 1922, when it was raised to Rs.120 per seer. Poppy cultivation in the district affected the consumption of licit opium considerably.

The shop-to-shop system was introduced from 1923-24 and has been in force ever since.

Page 140—Municipalities

The Mainpuri Municipality is a unofficial body with a non-official chairman and eight selected and three nominated members. The Notified Area of Shikohabad and all town areas with the passing of Act III, 1929, are also now unofficial bodies with non-official elected chairmen. The Notified Area Civil Station, Mainpuri, continues to be under the District Magistrate as chairman and one deputy collector as secretary.

Page 142—Dispensaries

Add "since October, 1932, one female dispensary has been opened at Shikohabad through the untiring efforts of the local public. It has its own newly constructed building valued at Rs.10,037 and a woman sub-assistant surgeon of the Provincial Service is attached to it. In February, 1933, Rani Sahiba of Sujrai constructed an infectious ward in the Sadr Male Hospital at a cost of Rs.2,500. During the year 1931-32 the number of major operations performed in all the district dispensaries was 137 and minor ones 3,434. Average daily attendance was 48,375 out-patients, and 3,152 indoor patients at all the dispensaries together."

Page 142—Education

Compulsory primary education was introduced in Mainpuri Municipality in December, 1927. In 1931-32 there were three mixed primary schools; one mixed, one Islamia, and one depressed preparatory school at which the total enrolment was 471 under compulsory and 223 voluntary. The total expenditure in the above year was Rs.8,704 out of which Rs.3,482 was spent by the board and Rs.5,222 given by the Government as grant.

Page 142—District Board

The district board became a non-official body in 1923. It consists of 27 elected and three nominated members, including a lady member. Thakur Jagdish Singh was elected chairman in August, 1930, and a whole-time paid secretary was appointed in January, 1926. In 1929 the charge of the education branch of the board was entrusted to the Education Committee consisting of eight members from the board and four outsiders interested in education.

Page 143—Education

The Abhir Kshatriya School, Shikohabad, was raised to a high school in 1924, and a new high school, named Narain Anglo-Vernacular High School, came into existence at Shikohabad in July, 1932. The latter was originally founded in 1914 as a Pathshala with the landed property valued about Rs.40,000 of a Khattri lady, Lalta Devi, widow of Lala Ganga Ram Tandon of Shikohabad, through the efforts of Babu Mahadeo Prasad, Munsarim, Judge's Court, and Lala Pati Ram, a prominent Rais and Zamindar.

A valuable asset to the district is the Lal Singh Man Singh Ashram which is being maintained by a Trust of over Rs.3,00,000 created by Kunwar Lal Singh Man Singh of Bhanwat. It is located in a commodious building built at a cost of about 1½ lakhs. The Ashram consists of two sections (1) Ashram section where poor Kshatriya boys are maintained free and taught English, Hindi, and Sanskrit by the Trust, (2) the Industrial School section which teaches carpentry, tarkashi (wire-inlaying in designed wood), weaving, tailoring, and Breille to the blind. The enrolment in the school on April 1, 1932, was 54 and on April 1, 1933, was 59. Scholarships are awarded to the extent of Rs.900 per annum by the Government in the carpentry and tarkashi classes, and to the extent of about Rs.600 by the Trust in the Tailoring and Weaving classes.

Page 144—Cattle pounds

Add at the end of this paragraph—

"In the year 1932 the number rose to 69. A list of the same is given in the appendix."

ETAH DISTRICT

ALLAHABAD:
SUPERINTENDENT, PRINTING AND STATIONERY, UNITED PROVINCES
1934

Notes for District Gazetteer, Volume " D ", District Etah

At bottom of page 15

Delete " and the imperial grouse very occasionally."

Page 17—Cattle census

There have been three censuses since 1920. In the census of 1935 there is a marked decrease in the number of bulls, being 133 against 356 in 1930, due to the fact that the Hindu custom of setting a bull free after the death of a Hindu male member is dying out as a result of enlightened public opinion. On the other hand, there was a marked increase in the number of male buffaloes, young stock and goats as compared with the figures of 1930 as shown below :

			1930	1935
Male buffaloes	15,948	21,090
Young stock	123,552	151,565
Goats	64,885	92,477

The total number of heads of cattle in the district increased by 109,970 in 1935 as compared with the census taken in 1930 when the figure stood at 662,248.

Page 21—Vital Statistics

During the last six years the death roll has been fairly high. Plague became almost endemic in the whole of the district, except tahsil Jalesar, during the years 1932—1934, but the mortality was not very high. A minor epidemic of cholera claimed some 228 lives in 1932.

There were no appreciable fluctuations in the birth-rate, except in 1930 when it rose to 44.89 per mille. The average during the last decade works out at 33.57 per mille. The rise, though marked, seems to have been mostly accidental.

Page 33—Wells

The total number of masonry wells is 24,672. Of these 17,488 were used in 1341 Fasli and the balance of 7,184 remained unused. Besides these the total number of non-masonry wells in the district is 17,001.

Page 40—Nadrai Aqueduct

The flood was repeated on the 12th August, 1919, but again no damage was caused, either to the aqueduct or to the railway bridge. The latter has been broadened to leave a wider path for pedestrians.

Page 42—Pumping plants

There is one electric pump for tube-wells in tahsil Kasganj and 16 oil engine-driven pumps in the district, six in tahsil Etah, one in Kasganj, eight in Aliganj and one in Jalesar. Twenty-three centrifugal machines for making sugar exist in the district. Two tractors or motor ploughs are also used in tahsil Kasganj. There are six sugarcane-crushers worked by power in tahsil Aliganj.

Page 48—Floods

In common with most of the districts in the province Etah suffered severely from the Ganges floods of 1924. The Rohilkhand and Kumaun Railway line near Manpur Nagaria was so damaged that it had to be re-constructed.

Page 48—Insect pests

The drought of 1928 was followed by an invasion of locusts in 1929. They caused serious damage in tahsils Kasganj and Jalesar, and an officer had to be specially deputed to deal with them. The usual method employed was the digging of trenches around breeding grounds into which hoppers were driven and burnt.

Page 56—Village Banks

There are 45 Village Co-operative Credit Societies in the district besides five Urban Societies.

Page 57—Manufactures

There are large rose gardens at Jalesar where rose water and attar of rose are manufactured and exported.

Page 57—Factories

There are at present the following eight factories in the district:

Place and class of factory	Name of factory	Name of occupier	Average number of operatives employed	
			Men	Women
1. Kasganj Ginning and Pressing.	West Patent Press Company, Ltd.	West Patent Press Company, Ltd.	153	69
2. Ditto ..	Nathuram Behari Lal Cotton Ginning and Pressing Factory.	Nathuram Behari Lal Company, Ltd.	88	44
3. Jalesar Ginning and Pressing.	Raja of Awa's Ginning Factory.	Raja Surya Pal Singh.	60	30
4. Kasganj Ginning ..	Loiwal Ginning Factory.	West Patent Press Company, Ltd.	49	26
5. Gunjdundwara Cotton Ginning and Pressing.	The Agra Company, Ltd.	Ditto ..	94	40
6. Gunjdundwara Cotton Ginning Factory.	Chunni Lal Onkar Mal Cotton Ginning Factory.	Ram Sarup Permanand.	32	24
7. Gunjdundwara Ginning.	Messrs. Ram Saran Lal Ganga Narayan Ginning Mills Company, Gunjdundwara.	Ram Saran Lal and Ganga Narayan
8. Neoli Sugar Factory	The Neoli Sugar Factory.

The Neoli Sugar Factory has recently been established near Manpur Nagaria railway station.

Page 60—Fairs

Industrial Exhibitions were held in Etah in 1927 and 1935 and attracted large crowds.

Page 63 - Local roads

The road from Gunjdundwara to Sidhpura has been metalled.

The Parson road, which branches off the Etah-Aliganj road at 17 miles from Etah and runs about 3 miles to Parson village, is

being metalled. Two Mahadevji fairs are held at Parson every year in the months of Bhadon and Phagun.

The Kartala road, which is also an off-shoot of the Etah-Aliganj road and of about the same length, is also being metalled.

The total length of metalled roads maintained by the local bodies in the district is 186.50 miles and of unmetalled roads 464.54 miles. Out of these 134.13 miles of metalled and 438.25 miles of unmetalled roads are maintained by the District Board.

There are 112 buses plying for hire in the district. The motor lorry service is highly efficient and is particularly useful in a district such as Etah which lacks adequate railway facilities. At the same time the road surface has suffered considerably and its maintenance is quite beyond the limited resources of the District Board. Proposals have accordingly been made for the provincialization of the Etah-Kasganj metalled road which was handed over to the District Board for maintenance in 1924.

Page 67—Census

The enumeration in 1931 took place on 26th February, 1931. The district total stood at 860,478, a slight rise over the figures of 1921 (829,760). The average density of the population per square mile of total area increased from 482 at the census of 1921 to 501 in 1931. There has been an increase of 3.7 per cent. in the total population of 1931 as compared with that of 1921. As in 1921, the number of males (466,414) was larger than that of females (394,064). The population of all the four tahsils—Etah, Kasganj, Aliganj, and Jalesar, increased by 3,936, 12,540, 5,155, and 9,987 respectively. The census figures show that in 1931 the district contained 747,186 Hindus, 94,599 Muslims, and 18,693 others. The population of the four municipalities, viz. Etah, Soron, Kasganj, and Jalesar, rose to 11,473, 12,200, 23,100, and 11,138 respectively in 1931 from 9,597, 10,959, 20,988, and 8,937 in 1921.

According to the census returns of 1931 the district contained 16 towns and 1,537 villages. Five of the towns contained over 5,000 inhabitants apiece, three over 10,000 inhabitants and one over 20,000 inhabitants. Among these were four municipalities, viz.

Soron, Jalesar, Etah, and Kasganj, two notified areas, Marehra (8,164), Gunjdundwara (7,308), and three town areas, Aliganj (6,398), Sahawar (6,389), Patiali (5,221). Of the 1,537 villages, 1,017 have less than 500 inhabitants, 353 have between 500 and 1,000 inhabitants, 147 have more than 1,000 but less than 2,000; while 27 have over 2,000 but under 5,000 inhabitants.

Page 69—Religions

In the census of 1931 there were 753,965 Hindūs, 2,402 Jains, 152 Sikhs, 94,599 Muslims, 9,356 Christians, 3 Zoroastrian and 1 of indefinite belief.

Page 87—Printing Presses and Periodicals

There are seven printing presses in the district—three at Etah, three at Kasganj, and one at Jalesar. The Sudarshan Press and the Mahesh Press at Etah print English characters besides Nagri and Urdu.

There are six newspapers—*Sudarshan* weekly published by the Sudarshan Press, the *District Leader* published by the Mahesh Press, *Awaz* published by the Muslim Press, Aligarh, and the *District Gazette* published by the Publicity Department of the district. *Sadhan*, a periodical edited by Dr. Chaturbhuj Sahai, is published by the Sudarshan Press.

These periodicals are very inferior and command little circulation.

Page 92—Umargarh Estate

Thakur Bijendra Pal Singh is now the owner of the estate.

Page 92—Rajaur Estate

Rani Bhagwan Kunwar and Rani Gulab Kunwar are the two widows of Raja Sanwal Singh. The junior Rani, Gulab Kunwar, claimed half of the estate left by the deceased Raja. The Additional Subordinate Judge decided that the estate was ordinary zamindari and decreed her claim. The Court of Wards on behalf of the senior Rani filed an appeal before the Hon'ble High Court. The estate has been held to be impartible and the junior Rani entitled to half of the self-acquired property of the deceased Raja. The junior Rani has recently applied under section 10, Court of Wards Act, for the management of her share by the Court of

Wards. Lal Hargovind Singh, the surviving senior member of the senior branch of the deceased Raja's family, claimed the entire estate of the deceased. His claim has been dismissed in the Subordinate Judge's court. The appeal is pending before the Hon'ble High Court. Lal Bikram Singh is the nearest collatoral of the deceased.

The estate is now under the superintendence of the Court of Wards.

Page 93—Chauhan family

The present head of the family is Raja Anand Ram Singh Banka Bahadur.

Page 96—Kayasthas of Kasganj

The Kasganj estate of Rao Maharaj Singh is under the superintendence of the Court of Wards.

The head of the family is Rao Maharaj Singh, who is the Chairman of the Municipal Board, Kasganj. His son, Kunwar Mahendra Pal Singh, is an Honorary Assistant Collector, 1st class.

Page 97—Other Musalman families

The present head of the family is Chaudhri Muhammad Shuab Khan, Honorary Assistant Collector, 2nd class. Of other members of the family, Khan Sahib Chaudhri Ahmad Ullah Khan is a Special Magistrate, 1st class, and Chaudhri Anwar Ullah Khan is an Honorary Magistrate and Honorary Assistant Collector.

Page 100—Rents

In 1338 Fasli began a period of world-wide depression in agriculture. This was marked in India by extremely low grain prices. The condition of cultivators became so desperate that Government was forced to draw up a comprehensive remission scheme outside the provisions of section 73, Act III of 1926. The basic principle of this scheme, which is known as the low price remission scheme, is that rents should be reduced to the level of rents obtaining in 1307 Fasli when prices were similarly low. Remissions were based on the comparison of rents in 1338 Fasli

with selected minimum occupancy and statutory rates. Remissions in rent, amounting to Rs.7,40,521, have been granted every year since 1339 Fasli and will be continued to be given until there is an appreciable rise in prices. Remissions in revenue have not been granted proportionately and amount to Rs.1,35,003. Remissions for local calamities are not included in this scheme. These are given separately under the rules contained in the Revenue Manual.

Page 104—District staff

The sanctioned magisterial staff, in addition to the District Officer, consists of five full-powered Deputy Collectors and one Treasury Officer. At present the staff consists of an Assistant Magistrate and six full-powered Deputy Collectors, one of whom is in charge of the Treasury, four are in charge of the sub-divisions of Etah, Kasganj, Aliganj, and Jalesar.

The Income-Tax Officer has his headquarters at Aligarh.

There are four Benches of Honorary Magistrates sitting at Etah, Kasganj, Jalesar, and Dhumri in Aliganj tahsil.

There are also 15 Special Magistrates who sit singly. Among these three hold life powers.

Mrs. Radha Piari Mathur, the first lady Magistrate in the district, exercises 2nd class powers. Rai Bahadur Rai Indra Narayan, Magistrate, 1st class, holds his court at Jirsmi. Rai Sahib Hari Kishan Prasad, Magistrate, 1st class, holds his court at Etah. Rai Bahadur Kunwar Raghuraj Singh, Magistrate, 1st class, holds his court at Bilram. Khan Sahib Chaudhri Ahmad Ullah Khan, Magistrate, 1st class, holds his court at Sahawar. Raja Surya Pal Singh of Awa, Magistrate, 1st class, does not work. Besides these there are five 2nd class Magistrates, Khan Bahadur Chaudhri Muhammad Swaleh, Rai Rudra Narayan, Khan Bahadur Haji Ghulam Muhammad Khan, Kunwar Kanchan Singh, and Mrs. Radha Piari Mathur and five 3rd class Magistrates, Lala Bhudar Das, Lala Gopi Nath, Thakur Raghubir Singh. Chaudhri Anwar Ullah Khan and Khan, Sahib Shaikh Maqbul Ahmad (life powers).

There are two 1st class Honorary Assistant Collectors, Khan Sahib Ahmad Husain Khan and Mr. Mahendra Pal Singh, and

six 2nd class Assistant Collectors, Rai Kunwar Narayan, Thakur Sultan Singh, Chaudhri Muhammad Swaleh, Chaudhri Anwar Ullah Khan, M. Lakshmi Sahai (life powers) and Chaudhri Muhammad Shuab Khan (life powers).

There is one Honorary Munsif, Thakur Nahar Singh of Sarai Nim, who has got life powers. He does not hold court.

The remaining staff at present consists of one Sessions and Subordinate Judge who holds court at Etah, two Munsifs, one Superintendent of Police, one Assistant Superintendent of Police, the Civil Surgeon, and the Assistant Surgeon.

Page 113—Police circles

There are at present 16 police stations at Etah, Sakit, Marehra, Sidhpura, Jalesar, Awah, Kasganj, Soron, Sahawar, Qadirganj, Patiali, Jaithra, Aliganj, Nidhauli, Amanpur, and Government Railway Police. Among these seven at Etah, Marehra, Jalesar, Kasganj, Soron, Sahawar, and Aliganj, are 1st class stations, seven at Sakit, Sidhpura, Awah, Qadirganj, Patiali, Jaithra, and Government Railway Police are 2nd class stations and two at Nidhauli and Amanpur are 3rd class stations. Besides these, there are eight outposts, two at Etah, three at Kasganj, one at Soron, one at Marehra, and one at Ganjdundwara.

A new scheme for the prevention of dacoities was inaugurated in the district at the beginning of the year 1935.

Page 114—Crime

In 1932 the number of robberies and dacoities amounted to no less than 103. In 1934 the number fell to 42. But as in all districts in the Agra Division dacoity is still a major problem in Etah.

Page 114

The total strength of the regular police in the district is 574. Of these 41 are sub-inspectors and 44 head constables. Of 466 constables, 114 belonged to the armed branch, 331 belonged to the civil reserve, posted at headquarters, while the rest are distributed among the police stations.

The present strength of the rural police or chaukidars who keep watch and ward in the villages is 788. There is no road police in the district.

The entire force is in the charge of the Superintendent of Police who is assisted by an Assistant Superintendent, a reserve inspector, two circle inspectors, one prosecuting inspector, and two prosecuting sub-inspectors.

Page 117--Excise

There are 22 retail shops. The average annual receipts from country spirits and foreign liquor have been Rs.29,213 and Rs.432 respectively during the last nine years, and the average number of L. P. gallons sold every year has been 2,048. The rate per bulk gallon is Rs.4-14.

Page 118--Tari

The number of licensed shops is 13. The average annual receipts for the last nine years have been Rs.4,178.

Page 119--Hemp drugs

The number of licensed shops is 18. The settlement of shops is made annually under the surcharge system. The average annual receipts for the last nine years has been Rs.18,379. The average consumption of *charas* and *bhang* has been respectively 146 and 1,166 seers during the last seven years.

Page 119--Opium

The settlement of shops is made under the surcharge system. The number of licensed shops is at present 10. The average annual receipt for the last nine years amounts to Rs.22,099 and the annual average consumption amounts to 250 seers. The issue price is Rs 90 per seer.

Page 120--Stamp

Stamp is now a provincial head of income. Owing to deficit in the provincial budget the duties under the Stamp Act and the Court Fees Act were enhanced ; but during the last two years the receipts approximated to the average.

Page 120--Income-tax

The number of assessees and the assessment under this head was normal up to the year 1933-34.

Page 121—Municipalities and Towns

There are four municipalities in the district—Etah, Kasganj, Soron, and Jalesar. Each of them has now a non-official elected chairman. The tax on circumstances and property has been abolished and octroi duty imposed in each municipality.

The constitution of each board has also been revised as indicated below :—

			Elected members			Nominated members	Total
			By non-Muslims	By Muslims	By special elections		
Etah	5	3	..	3	11
Kasganj	5	3	1	3	12
Soron	5	1	..	1	7
Jalesar	6	4	..	2	12

Etah Municipality has a nominated lady member, Shrimati Tirbeni Kuer, and Kasganj Municipality, Shrimati Suraj Kumari. The other municipalities have no lady members.

There are 10 towns in the district. The details of receipts and disbursements of the town funds are shown in the attached statement. The members and the chairmen of the town areas are elected by the voters. The constitution of each town area is given below :—

Name of town area				Number of elected members	Number of nominated members	Total number of members
1.	Aliganj	7	1	8
2.	Amanpur	5	1	6
3.	Awahgarh	5	1	6
4.	Bilram	5	1	6
5.	Mohanpur	5	1	6
6.	Nidhauli	5	1	6
7.	Patiali	5	1	6
8.	Rampur	5	1	6
9.	Sahawar	6	1	7
10.	Sakit	5	1	6

Ganjdundwara is now a notified area with the Sub-divisional Officer, Aliganj, as *ex officio* president. The other notified area, Marehra, has a non-official elected chairman.

Statement of receipt and disbursement of the town areas, 1933-34.

Name of town area	Income			Expenditure					Total population, census 1931		
	Tax on circum- stances and property	Fines	Miscellaneous, including sale of manure, slaughter- house fees, and sanitary grant from Board of Public Health	Total income	Estab- lish- ment	Con- tingen- cies	Conser- vancy and light- ing	Public works		Mis- cella- neous	Total expendi- ture
1. Aliganj	Rs. 1,869	Rs. 84	Rs. 1,557	Rs. 3,510	Rs. 643	Rs. 168	Rs. 1,718	Rs. 787	Rs. 16	Rs. 3,282	6,898

10. Amanpur	777	..	151	928	322	76	493	366	2	1,258	1,411

Page 122—District Board

The district board is constituted under the United Provinces District Boards Act, 1922, which repealed the old Act of 1906 ; it consists of 31 members of whom 28 are elected and 3 nominated. Among the nominated members, there is one lady member. The chairman is elected by the members. Rai Bahadur Rai Indra Narayan is the present chairman.

Page 122—Education

There is an increase in the educational institutions of different classes in the district with the resultant increase in the number of scholars.

A proposal for establishment of an Anglo-Vernacular Girls' School has been made.

English Mission School, Kasganj, has been closed and another high school, A.-V. P. High School, has come into existence.

Page 123—Literacy

In the census of 1931 the literacy among males is 66 per mille and among females 9 per mille as against 52 and 6 in that of 1921. That is to say, out of the total population of the district there are 19,392 Hindu literate persons (17,938 males, 1,454 females) and 3,120 Muslims (2,849 males, 271 females) ; while the number of Hindus literate in English is 1,482 (males 1,466, females 16) and Muslims 289 (males 288, female 1).

Page 124—Dispensaries

There are two dispensaries for females at Kasganj—one maintained by the Municipal Board, Kasganj, and the other by A. P. Mission, Kasganj.

The proposal to establish a dispensary at Ganjdundwara has now matured. The Notified Area, Ganjdundwara, contributes Rs.1,400 annually to the District Board towards its maintenance.

DIRECTORY

Page 166—Etah

The town has much improved. In the Mayneganj Bazar a clock tower is under construction by the municipal board. The

sites of municipal shops in the Mayneganj Bazar on the northern and southern sides of the clock tower have been leased out for 90 years by the municipal board on fixed annual rent with premia determined by public auction for construction of shops of a modern type. The scheme has been sanctioned by the Government.

Two new dharamshalas—one constructed by the late Lala Summer Lal in the memory of his son, the late Babu Tota Ram, Executive Engineer, at an approximate cost of Rs.20,000, and the other by the mother of Lala Keshri Chand of Farrukhabad at approximately the same cost—are situated at the Grand Trunk Road. Two more dharamshalas have also been constructed in the town. A building for the local ladies' club is under construction near the Munsif's Court, Etah. Behind the Collectorate Vernacular Record room there exists the newly-constructed building of the Kazim Police Club.

The small building formerly occupied by the Opium Agent and the godown for opium have been purchased by the district board for its use. The district board office and vernacular middle school are housed in parts of the building.

The building occupied by the vernacular middle school has been purchased by the Court of Wards for its office use.

A public library with a park in the heart of the town was built in 1924 by Mr. N. C. Mehta, I.C.S., the late Magistrate and Collector of the district.

The park is maintained by the Municipal Board, Etah, and the library by the district board.

There is a city club in a corner of the park.

Another small park was made near the civil court and the collectorate court buildings in 1932 by the Municipal Board, Etah.

The proposal of constructing a railway line through the town seems to have been dropped, but the lorry and bus service has lessened the hardship of the journey to the headquarters of the district.

A small female dispensary has been opened by the A. P. Mission and is situated on the southern extremity of the town beyond the police lines.

The flour mill owned by Rai Bahadur Rai Indra Narayan of Sakit has ceased to exist, but six new flour mills have been started by other private individuals. The tax on circumstances and property has been abolished and octroi duties imposed.

Page 175—Jalesar

The proposal for constructing an inspection-house has not yet matured. In the municipality of Jalesar the tax on circumstances and property has been replaced by octroi. The Munsif's Court at Jalesar was abolished in 1933 and the civil work has now been shared by the Munsif of Etah and the civil courts at ~~Aligarh~~ ~~Aligarh~~.
